Grading System

San Andres doesn’t use a credit system. Students should estimate equivalencies using class contact hours and comparing with the number of credits provided at his or her institution per contact hour. Equivalencies should always be checked with academic advisors prior to exchange participation.

**Grading system:** System 10 point scale, 4 is a pass.

**Pass/Fail:** International students on exchange at UdeSA can select if they want a Pass/Fail grade instead of a numeric grade when registering for course.
