Connecting Higher Education
International perspectives on research-based education

Tues 27 June to Wed 28 June 2017
with pre-conference workshops (13:00-16:30) Mon 26 June 2017.

University College London
20 Bedford Way, London, WC1H 0AL, United Kingdom

Conference contact:
Brent Carnell, b.carnell@ucl.ac.uk
Registration, tea, coffee and pastries, Bedford Way entrance (Level 3) lobby, 20 Bedford Way, London, WC1H 0AL (Nearest underground stations: Russell Square, Euston, Euston Square) 

10:00 - 10:45 Welcome 

10:45 - 11:30 Session 1: Research and teaching 

11:30 - 12:00 Lunch 

12:00 - 12:30 Session 2: Research and teaching 

12:30 - 13:00 Lunch 

13:00 - 14:30 Session 3: Research and teaching 

14:30 - 15:00 Lunch 

15:00 - 15:45 Session 4: Research and teaching 

15:45 - 16:15 Session 5: Research and teaching 

16:15 - 17:00 Session 6: Research and teaching 

17:00 - 18:00 River Boat Cruise and Networking Event (boarding from 18:00, embarking at 18:30) Butlers Wharf, London SE1 2YD (a purchased ticket is required)

**Connecting Higher Education: International perspectives on research-based education**

Weds 28 June 2017

#ConnectingHE2017

@UCLConnectedC

### Session 1: The student’s role in research-based education

- **Ms Sorana Viuie, Vice-President, National Union of Students,** Prof Anthony Smith (Vice Provost Education and Student Affairs, UCL), Prof Mick Healey (Higher Education Consultant and Researcher), and Ms Emily Power (undergraduate student, McMaster University)

- Co-chaired by Ms Bernadette Foley (Association Dean Education, The University of Adelaide), and Dr Jenny Marie (Senior Teaching Fellow, UCL)

- **Logan Hall**

#### Room 278

- **10.30 - 11.00**
  - Symposium: Research-based education and global challenges. Reflections on five years of UCL Global Citizenship Programme
  - **Tim Beasley-Murray:** Chair
  - **Prof Barbara Moser-Mercer** (Professor of Conference Interpreting and founder and Director of InZone, University of Geneva)

- **11.00 - 11.30**
  - Salient practices of undergraduate research mentoring - implications for the future of research-based learning in higher education
  - **Helen Wellington:** Chair
  - **Asma Buanz, Sarah Hunt, Pamela Robles**

- **11.30 - 12.00**
  - Using problem-based learning to teach undergraduates in medical physics by actively engaging students in creating research proposals
  - **Konstantina Lathiou, Adam Gibson, Gary Royle**

- **12.00 - 12.30**
  - Uncovering evidence of research and enquiry in undergraduate programmes
  - **Catherine O’Mahony, Aonghus Sague:** Chair
  - **Nicola Brown, Oli Pinch, Hugh Starkey, Hugh Starkey, Tim Beasley-Murray**

### Session 2: Research-based education

- **Room 739
  - 13.00 - 13.30**
  - Evolution of a new module
  - **Jennifer Griffiths**

- **Room 784
  - 13.00 - 13.30**
  - Understanding and teaching different types of legal research - differentiation and balance
  - **Nicholas Girnita**

- **Room 780
  - 13.00 - 13.30**
  - Research-led teaching in a Stroke Medicine MSc course: Connecting the dots
  - **Dilly Fung**

- **Room 790
  - 13.00 - 13.30**
  - The evolution of a new module
  - **Jennifer Griffiths**

- **Room 717
  - 13.00 - 13.30**
  - How do students learn through research?
  - **Katrin Rubel**

- **Room 737
  - 13.00 - 13.30**
  - The secondary to university transition: Skill awareness and its impacts on research-based education
  - **Chad Harvey**

- **Room 736
  - 13.00 - 13.30**
  - Teaching researchers to become effective research-based educators
  - **Beth Beckmann**

- **Room 730
  - 13.00 - 13.30**
  - Concerning and delivering more integrated models of research-based education: The role of the big research question
  - **Mare O’Keeffe**

### Session 3: Research-based interdisciplinary education

- **Room 777
  - 13.30 - 13.45**
  - Developing or research-based educational projects in higher education
  - **Davide Asprone**

- **Room 787
  - 13.30 - 13.45**
  - Bridging disciplines - Research-based education in undergraduate bioscience
  - **Rikke Tøst Nørregaard, Clive Young**

- **Room 797
  - 13.30 - 13.45**
  - Designing a framework for campus-wide development of inquiry skills
  - **Caroline Lovett, Jackie Druery and Vicki Remenda**

- **Room 770
  - 13.30 - 13.45**
  - Critical global education
  - **Maureen Ellis**

### Session 4: Research-based education in the future of research-based learning

- **Room 739
  - 14.00 - 14.30**
  - Research as an outcome of research-based education
  - **Christa Williford**

- **Room 784
  - 14.00 - 14.30**
  - Research-based learning: Visual learning aids for students created by students
  - **Asma Buanz, Sarah Hunt, Pamela Robles**

- **Room 780
  - 14.00 - 14.30**
  - How to teach interdisciplinary knowledge translation in a health faculty
  - **Alison Kilson, Richard Wasculled, David P. Wilson, Gill Harvey, Rebecca O’Shea, Alan Brooks**

- **Room 790
  - 14.00 - 14.30**
  - Research-based education in undergraduate biophysics
  - **Fiona Salmon**

### Session 5: Connecting with the world

- **Room 777
  - 14.30 - 14.45**
  - Research-based interdisciplinary education: A course design process for balancing content and skills
  - **Carolyn Eyles**

- **Room 787
  - 14.30 - 14.45**
  - Community impact through capstone undergraduate research projects at Adelaide
  - **Bernadette Foley, Louise O’Reilly, Benjamin Cazzatto**

- **Room 797
  - 14.30 - 14.45**
  - A Connected Curriculum for higher education: The case for a showcase portfolio
  - **Dilly Fung**

### Session 6: Research-based education futures

- **Room 770
  - 14.30 - 14.45**
  - A pedagogical approach to designing an academic social network as a connected digital learning environment
  - **Eileen Kennedy**

- **Room 784
  - 14.30 - 14.45**
  - Students as future-makers: Using research mentors - implications for the future of research-based education in the developing world within teaching-intensive programmes
  - **Chad Harvey**

- **Room 780
  - 14.30 - 14.45**
  - Research-based educators
  - **Stefanos Marangos**

- **Room 790
  - 14.30 - 14.45**
  - Research-based education futures
  - **Daven Armoogum**

### Session 7: Connecting with employment

- **Room 777
  - 15.00 - 15.30**
  - A case study
  - **David Werring**

- **Room 784
  - 15.00 - 15.30**
  - Connecting with employment
  - **Marion Lehner**

- **Room 780
  - 15.00 - 15.30**
  - Connecting with employment
  - **Heather Gaunt**

- **Room 790
  - 15.00 - 15.30**
  - Connecting with employment
  - **Nataša Perović**

### Session 8: Research-led teaching in a Stroke Medicine MSc course: Connecting the dots

- **Room 770
  - 15.30 - 16.00**
  - Did you enjoy that? A case study
  - **Ellie Tan**

- **Room 784
  - 15.30 - 16.00**
  - Connecting with employment
  - **Clive Young**

- **Room 780
  - 15.30 - 16.00**
  - Connecting with employment
  - **Valentina Tassone**

- **Room 790
  - 15.30 - 16.00**
  - Connecting with employment
  - **Peri Sacks**

### Session 9: Object-based learning

- **Room 777
  - 16.00 - 16.30**
  - Research-based education across multiple disciplines
  - **Elisa Chavas, Sarah Hunt, Pamela Robles**

- **Room 784
  - 16.00 - 16.30**
  - Research-based education across multiple disciplines
  - **David P. Wilson, David Werring, Gill Harvey**

- **Room 780
  - 16.00 - 16.30**
  - Research-based education across multiple disciplines
  - **David Werring**

- **Room 790
  - 16.00 - 16.30**
  - Research-based education across multiple disciplines
  - **Beth Beckmann**
